

OCHART Section 6: Harm Reduction Outreach Programs (as of H2: 2022-23)

Our organization will not be reporting data in this Section.

Harm Reduction Outreach Programs

This section is to be completed by any organization or program that provides harm reduction services for clients who use substances.

I am not able to report unique clients, I am reporting client interactions.

1. Report the total number of unique clients and of those clients, the number that were new clients, by sex/gender that you had in the past 6 months. 

	Male	Female	Trans man	Trans woman	Not listed	Total
Unique clients	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
New clients	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0

Track in harm reduction database (NEO)

1. Report the total number of peers by sex/gender that were active in your program in the past 6 months.

	Male	Female	Trans man	Trans woman	Not listed	Total
Active peers	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0

Organization to track on their own (not NEO) & Enter text into OCHART.

NOTE:

- Nearly all information required for section 6 is tracked using the Ontario Harm Reduction Database (NEO360).
- For OCHART reporting, organizations generate their summarized 6-month activity data by running the Ministry's 'Harm Reduction Outreach Program Report' from the NEO360 reporting portal.
- Choose the applicable reporting period to generate your OCHART data:
 - H1: Activities delivered April – September > Due: October 31
 - H2: Activities delivered October – March > Due: April 30

Education presentations on harm reduction – to the public

- Enter these activities using the "Education, outreach, and community development (EOCD) tracking tool". These activities will appear in OCHART section 3

Education presentations on harm reduction – to service providers

- Enter these activities using the "Education, outreach, and community development (EOCD) tracking tool". These activities will appear in OCHART section 4

Community development meetings (e.g., community drug strategy meetings)

- Enter these activities using the "Education, outreach, and community development (EOCD) tracking tool". These activities will appear in OCHART section 4

For more details, refer to "Commonly Asked Questions for Tracking & Reporting Harm Reduction" at <https://ochart.ca/support>

2. Report the total number of times each service was delivered to clients by sex/gender in the past 6 months.

** Note: Clients are counted more than once in the 6-month reporting period.

	Male	Female	Trans man	Trans woman	Not listed	Total
1. Indigenous Peoples traditional services (e.g., traditional teachers, healers, Elders, etc)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
2. Brief counselling (e.g., brief, focused, crisis intervention, 'just listening', or can include more formal counselling, can be done by phone/text/in-person, etc.)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
3. Harm reduction teaching (e.g., informal verbal and/or written harm reduction information, how to use the equipment, health teaching, etc.)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
4. Practical support (e.g., food, clothing, transit tickets, transportation to appointments/services, accompaniment to appointments, toiletries, help with identification documents, completing forms, etc.)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0

Track in harm reduction database (NEO)

3. Report the total number of client interactions by sex/gender made at each location in the past 6 months.

** Note: By client interactions we mean the number of times your services were accessed at each location.

	Male	Female	Trans man	Trans woman	Not listed	Total
On-site location						
Needle exchange/syringe program (e.g., at your agency or satellite location of the needle exchange/syringe program)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Outreach locations						
Addiction programs (residential and day programs)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Bars/night clubs	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Residences (e.g., client home, apartment/house, hotel/motel, friend's place, place where client resides, etc.)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Community agencies/services (e.g., that are not fixed site needle exchange programs such as out of the cold programs, shelters, etc.)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Community public spaces (e.g., barbershop, hair dresser, bathhouse, massage parlours, etc.)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Jails/detention centres/prisons	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Methadone maintenance/opioid agonist therapy clinics	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Parties/raves	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Pharmacies	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Streets/parks	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Mobile distribution from a van	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Total	0	0	0	0	0	0

Track in harm reduction database (NEO)

4. Report the number of referrals made to clients by sex/gender in the past 6 months.

** Note: Clients are counted more than once in the 6-month reporting period.

	Male	Female	Trans man	Trans woman	Not listed	Total
Addiction services (e.g., detox, drug treatment)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Harm reduction services	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Clinical service providers (HIV care)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Clinical service providers (urgent care)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Clinical service providers (primary care)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Clinical service providers (other) (e.g., immunizations)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Mental health service providers (e.g., other counseling)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
HIV/STI testing	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Hep C teams	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Hep C testing other (non-Hep C team)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Hep C treatment other (non-Hep C team)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Community-based HIV service providers	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Other community-based service providers (e.g., faith-based services/spiritual support, social services, women-specific services, housing, etc.)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	0
Total	0	0	0	0	0	0

Track in harm reduction database (NEO)

5. Report the number of community clean-ups you conducted in the past 6 months.

6. Indicate the activities that peers were involved in with your program during the past 6 months.

(check all that apply)

- Community clean-ups
- Kit making (safer injection or safer inhalation kits)
- Harm reduction equipment distribution
- Harm reduction teaching (e.g., informal verbal and/or written harm reduction information, health teaching, etc.)
- Brief counselling (e.g., brief and focused, crisis intervention, 'just listening', or can include more formal counselling done by phone, text, in-person, etc.)
- Practical support (e.g., food, water, transit tickets, rides to appointments/services, accompany to appointments, help with getting ID and completing other forms, etc.)

7. Report the number of activities delivered to support peers in the past 6 months.

	Number of meetings	Number of peers that attended
Meetings for peers (includes debrief meetings after shift ends, monthly meetings, team and supervision meetings, etc.)	<input type="text"/>	<input type="text"/>
Education sessions for peers (includes trainings for peers)	<input type="text"/>	<input type="text"/>

Organization to track on their own (not NEO) & Enter text into OCHART.

▼ Drugs of Choice

8. Drugs of choice

	Rank
Alcohol	
Amphetamines	
Anti-depressants (Wellbutrin/bupropion, etc.)	
Benzodiazepines (e.g., Valium, Xanax, Ativan, etc.)	
Cocaine	
Crack/cocaine	
Party Drugs (Ecstasy, MDMA, Ketamine, GHB, etc.)	
Heroin (opioids)	
Inhalants (solvents such as petrol, glue; aerosols such as spray paint, gases)	
Cannabis (recreational use)	
Cannabis (prescription/medical use)	
Methamphetamine (Crystal Meth)	
Methamphetamine (Speed)	
Opioids: Fentanyl (prescribed)	
Opioids: Fentanyl (non-prescribed)	
Opioids: Codeine	
Opioids: Hydrocodone	
Opioids: Hydromorphone (e.g., Dilaudid, etc.)	
Opioids: Methadone (prescribed)	
Opioids: Methadone (non-prescribed)	
Opioids: Suboxone/buprenorphine (prescribed)	
Opioids: Suboxone/buprenorphine (non-prescribed)	
Opioids: Morphine (includes Kadian, etc.)	
Opioids: Oxycodone/Percocet/OxyNEO	
Steroids	
Non-beverage Alcohol (e.g., Listerine, other mouthwash, cooking wine, etc.)	
Other (includes Ritalin/methylphenidate, etc.)	
Other – polysubstance use (includes speedballs, etc.)

9. Harm reduction supplies distributed

Note: This is related to equipment you distribute specifically to clients who use substances.

Number distributed	
Safer injection equipment	
Cookers	
Blister Packed Filters	
Needles	Track in harm reduction database (NEO)
Sharps containers	
Tourniquets	
Vitamin C	
Sterile water	
Safer Inhalation Equipment	
Straight stem	
Lip balm	
Tubing	
Screens	
Push sticks	
Bowl pipe	
Straws	
Foil	
Other Equipment	
BZK antiseptic wipes	
Alcohol swabs	
Safer Sex Supplies	
Condoms	
Lubricant	
Dental dams	

10a. Shifts/trends *

During this reporting period, have you identified any shifts or changes in demand for HIV/harm reduction/substance use services?

These shifts/changes can be positive (successes) or challenges encountered in your work. (e.g., client age, gender or ethnicity, drug of choice, type of service requested/provided, changes in social attitudes in the community/access to harm reduction programs, access to mental health and addiction services, changes in policing practices)?

Organization to track on their own (not NEO) & Enter text into OCHART.

10b. Response to emerging trends *

How are you responding to these emerging trends (e.g., change in programming, new partnerships, requests for funding)?
